

Dear Veteran and Military, Prospective, or Current Student;

First and foremost, thank you for your service to our country. Secondly, to improve support and show Rutgers Business School's commitment to improving services for our military students, we have created this page of MBA Program contacts and services. The first place a veteran should go is the Veteran's House on the College Avenue Campus. Their goal is your smooth transition to Rutgers and ultimately your academic success.

The Rutgers University Office of Veteran and Military Programs and Services:
