OVERVIEW

During this course students will learn how to evaluate and value a new business from an investor perspective. The course will explore the fundamental characteristics that make a good business (and conversely a bad business) and how to value a business both pre and post revenue. Working in teams students will create integrated financial statements for a company and determine its value. Students will also be taught how to write and present (pitch) a business plan to investors while developing a thorough understanding as to investor needs, methodologies and concerns. Early stage fundraising techniques and intellectual property will be also covered.

COURSE MATERIALS

Venture Deals
Second Edition, hardcover
By: Brad Feld, Jason Mendelson
John Wiley & Sons, Inc.
ISBN: 978-1-118-44361-3

Second Edition, paperback
By: Andrew Zacharakis, et a.
McGraw-Hill
ISBN: 978-0-07-174883-4

Recommended Equipment:
A laptop computer that has Internet connectivity and is loaded with Microsoft Excel. Helpful website: http://www.bplans.com

LEARNING OUTCOMES

Students will learn how to:

- Create go-to-market, supply-chain strategies
- Build integrated financial statements in Excel
- Conduct venture capital valuation in Excel
- Create Capitalization tables from scratch in Excel
- Write business plans
- Understand and negotiate term sheets
- Understand the different types of funding available to science and technology-based start ups.
- Do one minute and twenty minute pitches
- Solve unstructured problems and present the results to stakeholders.
- Pitch ideas and investment proposals
- Work in teams and meet deadlines
- Make recommendations
- Develop and present implementation plans
- Communicate ideas effectively
- Conduct industry and firm-level research
- Identify key decision makers and their motivations

---

**METHODS OF INSTRUCTION**

Several methods of instruction are used including: lecture, videos, discussions of examples, cases, and project work.

Students are responsible for reading assigned material prior to class and coming prepared to engage in a discussion on the assigned topics. Discussion questions related to the readings may be posted in advance for some class sessions. Quality class participation is a significant part of everyone’s learning process. Asking thoughtful questions, respecting the views of your fellow students and instructor, not interrupting others and sharing opportunities to participate with your colleagues will result in meaningful dialogue and learning.

---

**ACADEMIC INTEGRITY**

*I do NOT tolerate cheating.* Students are responsible for understanding the RU Academic Integrity Policy ([http://academicintegrity.rutgers.edu/](http://academicintegrity.rutgers.edu/))

I will strongly enforce this Policy and pursue *all* violations. On all examinations and assignments, students must sign the RU Honor Pledge, which states, “On my honor, I have neither received nor given any unauthorized assistance on this examination or assignment.” I will screen all written assignments through *SafeAssign* or *Turnitin*, plagiarism detection services that compare the work against a large
database of past work. Don’t let cheating destroy your hard-earned opportunity to learn. See business.rutgers.edu/ai for more details.

PROJECT TEAMS: BUSINESS PLAN – HIGH GROWTH

Students will form teams of 1-5 students and create a written business plan and oral presentation on a new business venture. This plan will outline the growth strategy for the company and will include a Marketing, Financial and Operations Plan.

On the final day of class, the teams will be required to turn in a written copy of their plan and present their business assessment to the class. Requirements for both the written copy and the team presentations will be provided in class.

SUBMITTING ASSIGNMENTS

Any assignments will be submitted directly to my email at () DO NOT SUBMIT ASSIGNMENTS THROUGH CANVAS.

Lecture slides, individual and team assignments and class announcements will be posted on canvas.

CLASS COMMUNICATIONS

All class announcements will be email to students via Canvas. Please make sure your primary email is up to date in the Rutgers system. Please also make sure you keep your email box clear to receive messages. This is especially important if you are forwarding your Rutgers mailbox to your personal email as these messages accumulate in the Rutgers mail box and the mailbox will eventually become full.

EXPECTATIONS

Professional conduct is expected at all times:

• Treat all participants in the class with respect
• Arrive on time and avoid early departures
• Use laptops or other technology in the classroom only when appropriate for the activities for that session. Computers should not be used during lectures.
• No cell phones, or other electronic instruments are to be out or on during class
• Do not distract others
• Submit all assignments on time, in a legible and professional manner (10 or 12 point, double spaced, with standard margins all around)

GRADING POLICY

Midterm Exam  50%
Business Plan  30%
Pitch  20%

The midterm exam will be administered during the class period and will be taken individually. The business plan and the twenty-minute pitch grade will be evaluated on a group basis.

Topics covered (subject to change):

Course overview - syllabus, deliverables
Overview of Business Plan components and best practices

Begin discussion of Intellectual Property

Intellectual Property – Patents, Copyrights, Trademark & Trade Secrets
