COURSE DESCRIPTION

The course will introduce main concepts, models, and methods of control of discrete-time stochastic dynamical systems and their applications. We shall discuss problems in finite horizon, and in infinite horizon with and without discount. For all problem classes, we shall present optimality conditions and solution methods. Special attention will be paid to problems relevant for machine learning, such as multi-armed bandit problems, problems with incomplete observations, and techniques of approximate dynamic programming and reinforcement learning.

COURSE MATERIALS

The course notes will be posted on Canvas (canvas.rutgers.edu).

LEARNING GOALS AND OBJECTIVES

- This course is designed to help students develop skills and knowledge in the following area(s):

- Students who complete this course will demonstrate the following:
1. The ability to identify, model and analyze a stochastic optimization problem.
2. The ability to develop an efficient solution method for a stochastic optimization problem.
3. The ability to effectively implement a solution method and analyze the results obtained

- Students develop these skills and knowledge through the following course activities and assignments:
1. Modeling assignments
2. Optimization assignments
3. Probabilistic analysis and simulation assignments
PREREQUISITES

There are no formal prerequisites, but good preparation in multivariate calculus and the theory of probability is required.

ACADEMIC INTEGRITY

I do NOT tolerate cheating. Students are responsible for understanding the RU Academic Integrity Policy http://academicintegrity.rutgers.edu/

I will strongly enforce this Policy and pursue all violations. On all examinations and assignments, students must sign the RU Honor Pledge, which states, “On my honor, I have neither received nor given any unauthorized assistance on this examination or assignment.” I will screen all written assignments through SafeAssign or Turnitin, plagiarism detection services that compare the work against a large database of past work. Don’t let cheating destroy your hard-earned opportunity to learn. See business.rutgers.edu/ai for more details.

ATTENDANCE AND PREPARATION POLICY

- Expect me to attend all class sessions. I expect the same of you. If I am to be absent, my department chair or I will send you notice via email and Canvas as far in advance as possible. If you are to be absent, report your absence in advance at https://sims.rutgers.edu/ssra/. If your absence is due to religious observance, a Rutgers-approved activity, illness, or family emergency/death and you seek makeup work, also send me an email with full details and supporting documentation [within 3 days of your first absence]. [Explain other aspects of your absence policy in detail; it will save you trouble later.]

- For weather emergencies, consult the campus home page. If the campus is open, class will be held.

- Expect me to arrive on time for each class session. I expect the same of you.

- Expect me to remain for the entirety of each class session. I expect the same of you.

- Expect me to prepare properly for each class session. I expect the same of you. Complete all background reading and assignments. You cannot learn if you are not prepared. The minimum expectation is that for each 3-hour class session, you have prepared by studying for at least twice as many hours.

- Expect me to participate fully in each class session. I expect the same of you. Stay focused and involved. You cannot learn if you are not paying attention.

CLASSROOM CONDUCT

The use of cell phones is forbidden. Please, refrain from eating and drinking. Do not sleep.

EXAM DATES AND POLICIES
There will be no exams in this course.

**GRADING POLICY**

Course grades will be determined by weighted average of the following components: Homework assignments (60%), Final project (40%). A score above 90% will be graded as A, above 80% as B+, above 70% as B, above 60% as C+, and above 50% as C. Scores below 50% are failing grades.

Your final grade is not subject to negotiation. If you feel I have made an error, submit your written argument to me within one week of receiving your final grade. Clarify the precise error I made and provide all due supporting documentation. If I have made an error, I will gladly correct it. But I will adjust grades only if I have made an error. I cannot and will not adjust grades based on consequences, such as hurt pride, lost scholarships, lost tuition reimbursement, lost job opportunities, or dismissals. Do not ask me to do so. It is dishonest to attempt to influence faculty in an effort to obtain a grade that you did not earn, and it will not work.

**COURSE SCHEDULE**

<table>
<thead>
<tr>
<th>Topic</th>
<th>Items Due</th>
</tr>
</thead>
<tbody>
<tr>
<td>Modeling uncertainty and risk. Examples</td>
<td></td>
</tr>
<tr>
<td>Optimization problems with probabilistic (chance) constraints.</td>
<td>Assignment 1</td>
</tr>
<tr>
<td>Convexity theory.</td>
<td></td>
</tr>
<tr>
<td>Numerical solution of optimization problems with probabilistic</td>
<td>Assignment 2</td>
</tr>
<tr>
<td>constraints.</td>
<td></td>
</tr>
<tr>
<td>Two-stage stochastic programming problems.</td>
<td></td>
</tr>
<tr>
<td>Basic properties and optimality conditions.</td>
<td></td>
</tr>
<tr>
<td>Decomposition methods for two-stage problems.</td>
<td>Assignment 3</td>
</tr>
<tr>
<td>Multistage (dynamic) stochastic programming problems.</td>
<td></td>
</tr>
<tr>
<td>Decomposition methods for multistage problems.</td>
<td>Assignment 4</td>
</tr>
<tr>
<td>Introduction to risk-averse optimization: basic models.</td>
<td></td>
</tr>
<tr>
<td>Optimization of risk measures.</td>
<td>Assignment 5</td>
</tr>
<tr>
<td>Stochastic dominance constraints.</td>
<td></td>
</tr>
<tr>
<td>Dynamic risk measures. Time consistency.</td>
<td>Assignment 6</td>
</tr>
<tr>
<td>Sample-based optimization.</td>
<td></td>
</tr>
<tr>
<td>Stochastic iterative algorithms.</td>
<td>Assignment 7</td>
</tr>
<tr>
<td>Introduction to risk-averse reinforcement learning</td>
<td></td>
</tr>

[Rutgers University-New Brunswick ODS phone (848)445-6800 or email dsoffice@echo.rutgers.edu]

[Rutgers University-Newark ODS phone (973)353-5375 or email ods@newark.rutgers.edu]

If you are pregnant, the Office of Title IX and ADA Compliance is available to assist with any concerns or potential accommodations related to pregnancy.

[Rutgers University-New Brunswick Title IX Coordinator phone (848)932-8200 or email jackie.moran@rutgers.edu]

[Rutgers University-Newark Office of Title IX and ADA Compliance phone (973)353-1906 or email TitleIX@newark.rutgers.edu]

If you seek religious accommodations, the Office of the Dean of Students is available to verify absences for religious observance, as needed.

[Rutgers University-New Brunswick Dean of Students phone (848)932-2300 or email deanofstudents@echo.rutgers.edu]

[Rutgers University-Newark Dean of Students phone (973)353-5063 or email DeanofStudents@newark.rutgers.edu]

If you have experienced any form of gender or sex-based discrimination or harassment, including sexual assault, sexual harassment, relationship violence, or stalking, the Office for Violence Prevention and Victim Assistance provides help and support. More information can be found at http://vpva.rutgers.edu/.

[Rutgers University-New Brunswick incident report link: http://studentconduct.rutgers.edu/concern/. You may contact the Office for Violence Prevention and Victim Assistance at (848)932-1181]

[Rutgers University-Newark incident report link: https://cm.maxient.com/reportingform.php?RutgersUniv&layout_id=7 . You may also contact the Office]
of Title IX and ADA Compliance at (973)353-1906 or email at TitleIX@newark.rutgers.edu. If you wish to speak with a staff member who is confidential and does not have a reporting responsibility, you may contact the Office for Violence Prevention and Victim Assistance at (973)353-1918 or email run vpva@rutgers.edu.

If students who have experienced a temporary condition or injury that is adversely affecting their ability to fully participate, you should submit a request via https://temporaryconditions.rutgers.edu.

If you are a military veteran or are on active military duty, you can obtain support through the Office of Veteran and Military Programs and Services. http://veterans.rutgers.edu/

If you are in need of mental health services, please use our readily available services.

[Rutgers University-Newark Counseling Center: http://counseling.newark.rutgers.edu/]
[Rutgers Counseling and Psychological Services–New Brunswick: http://rhscaps.rutgers.edu/]

If you are in need of physical health services, please use our readily available services.

[Rutgers Health Services – Newark: http://health.newark.rutgers.edu/]
[Rutgers Health Services – New Brunswick: http://health.rutgers.edu/]

If you are in need of legal services, please use our readily available services: http://rusls.rutgers.edu/

Students experiencing difficulty in courses due to English as a second language (ESL) should contact the Program in American Language Studies for supports.

[Rutgers–Newark: PALS@newark.rutgers.edu]
[Rutgers–New Brunswick: eslpals@english.rutgers.edu]

If you are in need of additional academic assistance, please use our readily available services.
