

Supply Chain Management MBA Curriculum

Credit totals may vary per group depending on the courses taken.
Speak with an advisor for questions related to degree completeness.

Supply Chain Management Concentration

This concentration is comprised of **five** courses (15 credits) and the students have to meet the below requirements as part of the concentration.

Full-Time Students

Required Courses:

Choose 3 courses

Electives:

Choose 2 courses

SCM areas:

Earn at least one credit in each area (with double counting)

Part-Time Students

Required Courses:

Choose 2 courses

Electives:

Choose 3 courses

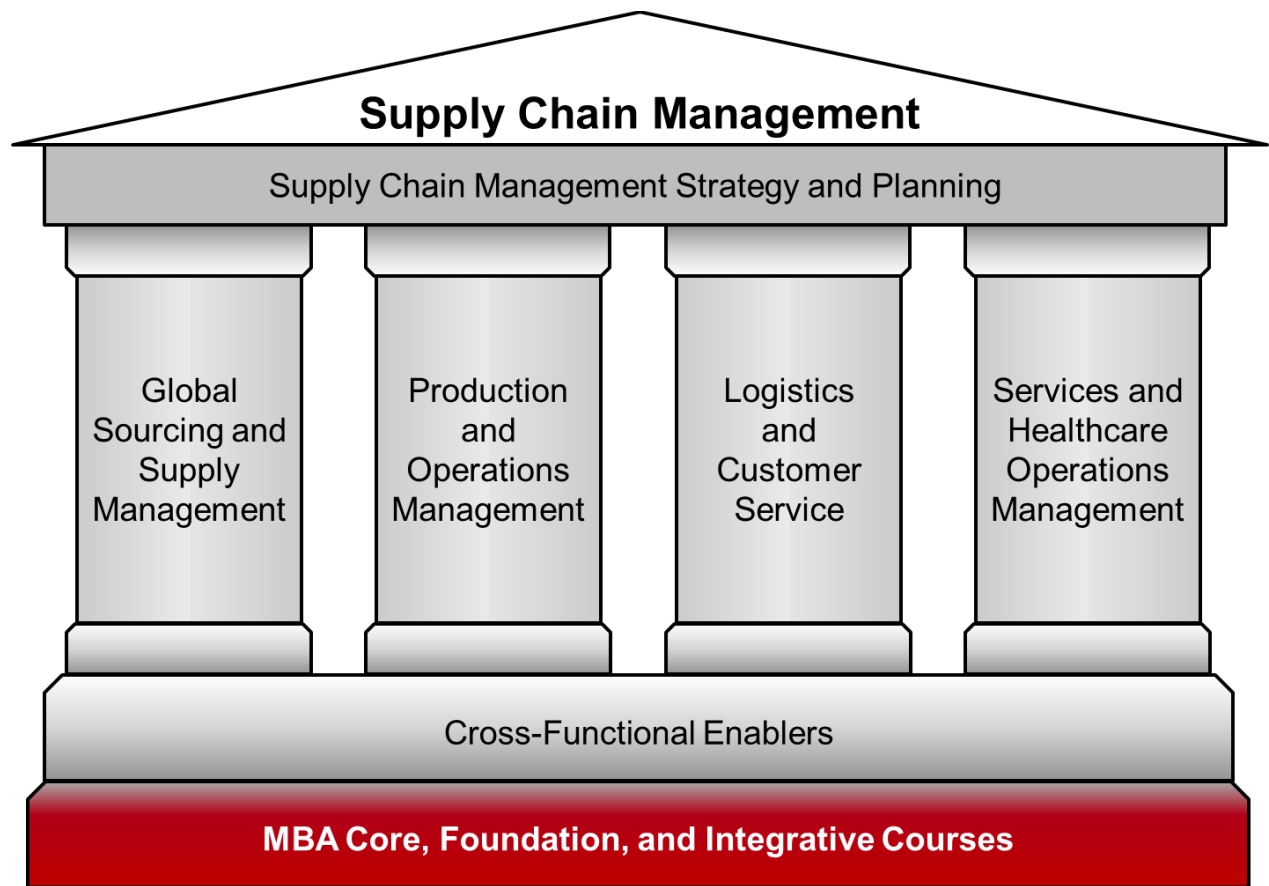

SCM areas:

Earn at least one credit in each area (with double counting)

Internship:

Mandatory Summer internship in a Supply Chain area between first and second year.

The Supply Chain Management curriculum is divided into six different areas, building on the MBA Core, Foundational and Integrative Courses. Please note that some of the courses mentioned below are required and others are elective.

Required Courses

Course #	Title	Cr
22:799:608	Global Procurement and Supply Management	3
22:799:650	Supply Chain Management Industry Project*	3
22:799:607	Supply Chain Management Strategies	3

***Note (Full-Time Students):** "Supply Chain Management Industry Project" is required for this concentration. If students use this course to satisfy the Integrative Course Requirement as part of the MBA Curriculum, it cannot be counted as an elective towards the concentration. Double counting is not permitted. FT students will still need to complete an additional 15 Supply Chain elective credits for the concentration (including the other two required electives).

***Note (Part-Time Students):** "Supply Chain Management Industry Project" is an elective. If students use this course to satisfy the Integrative Course Requirement as part of the MBA Curriculum, it cannot be counted as an elective towards the concentration. Double counting is not permitted.
