33:010:416-Audit Analytics (3)	<i>(pre-req: 33:010:415)</i>

In order to declare Accounting as a major, a grade of B or better must be earned in Intro to Financial Accounting (33:010:272).

* Beginning Fall 2013, there will be two introductory Finance courses. Financial Management for Finance Majors (33:390:310) will be for those who intend to major in Finance. Financial Management (33:390:300) will be for those who have no intention of pursuing Finance. Students planning to double major in Accounting and Finance should take Financial Management for Finance Majors (33:390:310) instead of Financial Management (33:390:300). Students who switch into the Finance major will also need Finance 310. Credit will not be given for both courses, so, if students have any interest in pursuing Finance, they should take Finance 310. Otherwise, Finance 300 will be sufficient.

** If you are a double major with accounting, you only need to take 33:010:458 AIS. You will not earn credit for taking 33:136:370 MIS.

Please note that if you are a double or triple major in Business School departments, and are utilizing a particular course to count for a requirement in each of two majors, you are only permitted to do this "double count" ONE TIME, in RBS. Once you have utilized your one opportunity to "double count" a course between two majors, you will have exhausted this possibility for the remainder of your Bachelor's degree. One "double count" possibility, per student.
