* Beginning Fall 2013, there will be two introductory Finance courses. Financial Management for Finance Majors (33:390:310) will be for those who intend to major in Finance. Financial Management (33:390:300) will be for those who have no intention of pursuing Finance. Credit will not be given for both this course and Financial Management (33:390:300). Finance majors who double major in a major that requires Financial Management 300 do not need to take this course. The Finance 310 course will count for this requirement.

Please note that if you are a double or triple major in Business School departments, and are utilizing a particular course to count for a requirement in each of two majors, you are only permitted to do this “double count” ONE TIME, in RBS. Once you have utilized your one opportunity to “double count” a course between two majors, you will have exhausted this possibility for the remainder of your Bachelor’s degree. One “double count” possibility, per student.
